

**SCOTT**  
D I R E C T

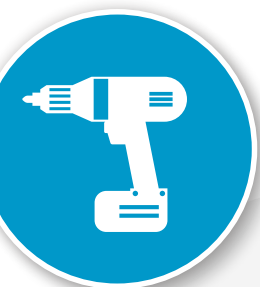

## Scott Direct has established a reputation for providing quality workwear, tools and safety-related products combined with a comprehensive range of supporting technical and procurement services.

A BSIF member and trusted partner within the supply chain, we work throughout a diverse range of sectors including construction, chemical, forestry, engineering, local authority, education, transport and not for profit. We are also an established FPAL accredited supplier to the oil and gas industry.

Assured to ISO9001:2015 standard, we have developed a comprehensive offering of safety related products, PPE, workwear, hand and power tools.

We distribute throughout the UK, ROI and Europe from our 40,000 sq ft national distribution hub, and workwear branding and manufacturing facilities. We also support local business through our branches in Grangemouth, Peterhead, Stirling and Shetland.

From our Scottish-based sister company, Seahawk, we offer bespoke garment manufacturing including specialist solutions such as fire-retardant and industry specific protective clothing, coveralls, workwear, outsize ranges and tailored modifications.

### Our services:
