

seahawk

**PROTECTIVE WORKWEAR, UNIFORMS
AND BRANDED CLOTHING**

Seahawk Apparel is a UK manufacturer of specialist protective workwear, uniforms and branded clothing. Designing and manufacturing specialist waterproof, high visibility, flame retardant and arc protection clothing and accessories including jackets, coveralls, hospital scrubs and kit bags, from our Scottish production facility.

CUSTOM MADE SOLUTIONS

-  **BESPOKE WORKWEAR**
-  **INNOVATIVE TECHNICAL TEXTILES**
-  **RAPID TURNAROUND**
-  **FLEXIBLE MINIMUM ORDER QUANTITIES**
-  **GARMENT REPAIRS AND ALTERATIONS**
-  **EXTENDED SIZE RANGE**

We are a trusted supply partner to sectors including oil and gas, construction, food, energy, transport and railways, military, industrial launderers, emergency services and healthcare.

GARMENT BRANDING

Add your company logo. Branded workwear and PPE are an important element of most businesses' brand strategy. We make the process easy. Our in-house embroidery and heat seal facilities enable us to offer a flexible, responsive, quality service.

ENVIRONMENT

We are working with our raw material and logistic supply chain partners to reduce our impact on the environment. Through effective design and the use of innovative technical fabrics, we extend the durability of our garments, and by encouraging recycling, remanufacturing, repair and reuse, we minimise our waste.
